# Amazingly natural sound

Enjoy a clearer, fuller and richer  
sound experience

With Beltone Amaze, built on our latest and fastest microprocessing technology, you will experience a clearer, fuller and richer sound in any listening situation. Now you can hear all of life's beautiful and delicate sounds, from a grandchild's exciting story, a quick joke in a busy restaurant to birds singing in the distance. Get ready to experience more action, thrills or adventures when you are watching a movie. And, if you are a music or theatre lover, prepare to be amazed by the textured tones that make live performances deeper and more fulfilling.

## Immerse yourself in layers of sound

Our industry-leading CrossLink Directionality 2 with Personal Sound ID offers unparalleled situational awareness. Conversations and ambient noise can now sound natural and you can select which sounds to focus on. And, if you get caught by a sudden loud noise, Beltone Amaze will adjust it to a more comfortable level.

## Enjoy lush, more textured music

Listening to music puts a hearing aid to the ultimate test. With Beltone Amaze, the music has never sounded so rich and clear. Whether you are streaming your favorite melody or hearing it live at a symphony hall, Beltone Amaze will let you lose yourself in music – every time.

**In a recent test, 95% of listeners preferred Beltone Amaze for music listening over competitors' hearing aids\***

# Amazingly connected

## Excellent streaming quality and easy control

Streaming music or phone calls directly to Beltone Amaze has never been more enjoyable. Experience the full action of your favorite movie streamed directly to your Beltone Amaze hearing aids, with no sounds missed.

### Empowering personal control

You can easily control your hearing aids remotely with the **Beltone HearMax™ app**. With a few simple taps on the app, you can discreetly adjust your hearing aids directly from your iPhone®, iPad®, iPod touch®, Apple Watch® or an Android device.

From checking your battery status and adjusting programs and volume to using more advanced finetuning features that control speech focus, noise and wind filters, you will feel empowered and more satisfied with your listening experience.

### A joy for you and for others

Imagine enjoying a great movie on TV with your family – but at your own volume. Or having a conversation in the car without missing a word. With the help of Beltone's wireless accessories you will be able to catch every conversation and watch TV with your loved ones at your own volume.

# Amazingly personalized care

## With you every step of the way

Getting used to your hearing aids can take time, and your hearing needs can change over time. Beltone Remote Care will keep a closer communication between you and your hearing care professional, so your hearing aids can be continuously adjusted to your specific needs. This makes your journey toward better hearing smoother and easier, every step of the way.

### Easy, convenient care

With the help of the free Beltone HearMax app, you can easily send a request to your hearing care professional and receive the new settings with a simple tap on your phone, without the need for an office visit. Beltone Remote Care will save you time and give you confidence that help is just a tap away.

## Beltone Remote Care is easy as 1-2-3

**1** You request assistance via the HearMax app.

**2** Your hearing care professional reviews and sends the new settings back to your app.

**3** Tap on your app screen to accept the update. You can also rate the new settings in the app.

**PROVIDING CARE. ANYWHERE.**

# Amazingly rechargeable

The freedom to charge into life

## Make battery changes a thing of the past

Thanks to Beltone Amaze's integrated lithium-ion battery, you no longer need to replace batteries. And with the most user-friendly portable charger in the industry, you can charge confidently into every day.

## Up to 30 hours on one charge

Beltone Amaze will last you a long time, up to 30 hours, when fully charged. Recharging is simple - place your hearing aids in the charger overnight and they are ready again in the morning. If you forgot to charge your hearing aids, no worries - in just 30 minutes of charging Beltone Amaze will be ready to go another 8 hours before the next charge. Extremely durable - even after 4 years of use - the battery in your Beltone Amaze will retain 80% of its capacity.

## Elegant, portable charger and carrying case

Your Beltone Amaze comes with a sleek portable charger that also serves as a carrying case. You will find using the charger to be amazingly simple - the LED lights will show you the current battery level and if your hearing aids were inserted correctly and charging. The charger itself has an internal battery with an impressive capacity to give you 3 full charges.
